EMPOWERING YOUR MOST CRITICAL **TRAINING** MISSIONS

VALIANT AT A GLANCE

5,000+ employees delivering solutions for some of the world's most **visible and demanding** missions.

The **top provider** of training support services to the **U.S. Army**, and the largest **training support portfolio** in the industry.

A **60-year legacy** of delivering comprehensive solutions to the **U.S. and its partner nations** with integrity, excellence, and innovation.

Empowering missions on **300+ programs** across all **50 states** and **40 countries** around the globe.

MISSIONS EMPOWERED

U.S. Government customer feedback from four Valiant-operated global training programs.

"[Valiant] continued to display exceptional adaptability, agility, and anticipation in **meeting or exceeding deliverable requirements.**"

"...management team's focus continued to be fixed on delivering products and services that **exceed, time, quality, and financial standards...** and exceed customer expectations"

"[Valiant] delivered more than **\$4.4M in cost savings to the government** through logistics initiatives, fully automated biometric timekeeping solution, and government property turn-ins."

"Valiant's Rotation Teams are top notch. The years of military and National Guard experience and expertise that the Rotation Directors, Exercise Support Cell Chiefs, and other staff possess has allowed clear translation of the Commanders intent... to rotational design."

"[Valiant's] ability to rapidly react to multiple changes to the Airborne Joint Forcible Entry (JFE) timeline... enabled the Rotational Training Unit to conduct the most complex Airborne JFE in JRTC's history."

"Valiant proactively identified, analyzed, and presented the government with **cost saving recommendations in excess of \$2.5M.** This analysis exceeds contractual requirements and is of significant benefit to the government.

"Valiant's support to the Korea Battle Simulation Center remains **the gold standard** amongst DOD Modeling and Simulations organizations. **Valiant[s] quality of work cannot be duplicated** by like organizations..."

"...continu[ed] to exceed the government standards in support of planning and executing of exercises"

"Valiant continues to exhibit technical proficiency, provide the **"best in the business"** functional personnel, and the ability to support multiple echelon training audiences."

"Valiant **excelled by identifying problems early,** applying management techniques, and formulating solutions before they became significant issues."

- ▶ Valiant has the depth, experience, financial strength, and global presence to empower any training mission without the OEM or tier two mega-merger business model that demands significantly higher costs to the government.
- ▶ Our cost-optimized structure enables us to leverage shared-service verticals across our training portfolio, as well as exchange lessons learned and best management practices across training programs to reduce costs, improve performance, and enhance mission delivery.
- ▶ We've invested heavily in our people and our business infrastructure to deliver the solutions on which our customers have come to rely.
