GLOBAL TRAINING AND READINESS

5,000+ employees delivering solutions for some of the world's most **visible** and **demanding** missions

Valiant has the **largest Training Support System-Enterprise portfolio** in the industry

3,000+ employees supporting various programs across each of the **Live, Virtual, Constructive & Gaming training domains**

EMPOWERING THE WORLD'S MOST CRITICAL MISSIONS

WORLDWIDE TRAINING SUPPORT SERVICES

Valiant is the leading training support systems provider for U.S. Army service contracts, delivering advanced training solutions that transform mission performance, including:

- ▶ Training aids, devices, simulators, and simulations (TADSS) instruction, operations, and maintenance
- ▶ Joint, inter-agency, intergovernmental, and multinational training (JIIM)
- ▶ Range operations, training analysis, and development
- ▶ Exercise design and event planning
- ▶ Mission command training
- ▶ Senior leader advisory training

With operations on five continents and a major presence in EUCOM and USINDOPACOM, Valiant's diverse capabilities and global procurement network enable us to deliver solutions that prepare the warfighter of today for the complex challenges of tomorrow.

VALIANT

PERFORMING TODAY. PREPARED FOR TOMORROW.

COMBAT TRAINING CENTER SUPPORT

Provide mission support services for rotational training exercises. Every rotation includes a fully integrated Live, Virtual, and Constructive (LVC) exercise for U.S. and Allied military and multi-national partner units. Valiant is a prime or subcontractor at four of the five CTCs.

RANGE OPERATIONS

Deliver a comprehensive approach to the operation, maintenance and sustainment of across U.S. Army FORSCOM and TRADOC installations. CONUS and OCONUS customers include JRTC, JMRC, ARCENT, Ft. Bragg, Ft. Riley, and Ft. Benning.

MISSION COMMAND TRAINING

Supply individual and collective mission command training to the U.S. Army, U.S. Marine Corps, National Guard, and multi-national partners. Contracts include MAGTF Training Systems Support (MTSS), Korea Battle Simulation Center (KBSC), and several MTCCS task orders.

EXERCISE SUPPORT

Deliver coordination and integration of planning, preparation, and execution with a focus on providing training operation effects, strengthening strategic partnerships, building partner capacity, capabilities and interoperability through training exercises. Customers include EUCOM, MARFOREUR/AF, KBSC and JMCS.

WAREHOUSE & LOGISTICS

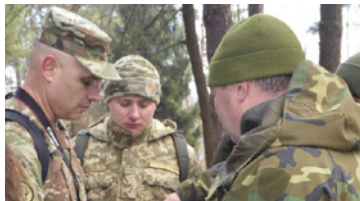

Oversee warehousing and logistics across several complex programs, including Property book management, issuing/receiving items, and shipping hardware for distributed events. Contracts include JRTC, KBSC, MTCCS, and NTC.

TADSS INSTRUCTION, OPERATION & MAINTENANCE

Deliver training, operation, and maintenance for U.S. Army, U.S. Marine Corps, and U.S. Navy Training Aids, Devices, Simulators, and Simulations (TADSS) instruction. Our U.S. customers rely on device and system readiness to credibly enable training conditions.

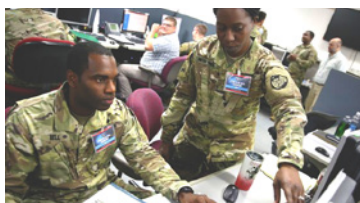

FEATURED EXPERIENCE

JOINT READINESS TRAINING CENTER (JRTC) MISSION SUPPORT SERVICES CONTRACT

CUSTOMER: Operations Group, JRTC
PROJECT LOCATION: Ft. Polk, LA

SUPPORTING: U.S. Army JRTC Mission Support Contract (MSC) Valiant's flagship program. Every rotation includes a fully integrated Live, Virtual, and Constructive (LVC) exercise in which our team assists JRTC with providing advanced collective training for a wide variety of U.S. and Allied Army, Navy, Marine, and Air Force units. Integral to the support we provide, we manage, staff, and operate a Battle Simulation Center (BSC), providing technical and training support to traditional Command Post Exercises (CPXs), which are fully integrated into Force-on-Force (FOF) exercises and components of JRTC's Leaders Training Programs (LTPs).

MISSION TRAINING COMPLEX CAPABILITIES SUPPORT (MTCCS) IDIQ

CUSTOMER: U.S. Army
PROJECT LOCATION: Multiple CONUS/OCONUS Sites

SUPPORTING: The delivery of training, technical, and communications support to multiple Mission Training Complexes (MTCs) supporting Army Service Component Commands (ASCC), Army Corps, divisions, brigades, and below levels worldwide. The MTCCS program provides individual, leader, small unit, battle staff and simulation-driven Mission Command (MC) training, technical, exercise, simulation and administrative support for various MTCs. The foundation of the MTCCS program is built upon the experience of its employees to support multifaceted mission command training and meet the technical support requirements that enable the availability and security of its systems and tools.

TRAINING SUPPORT SERVICES-ENTERPRISE (TSS-E)

CUSTOMER: U.S. Army
PROJECT LOCATION: Multiple CONUS/OCONUS Sites

SUPPORTING: Providing the necessary support to manage Army ranges and land assets with the Army's emerging LVC&G domains and enabling and operationally relevant training environment for Army Warfighters. The TSS-E is a system of systems that provides networked, integrated, and interoperable training support capabilities through five core tasking areas for active duty, reserve, and national guard soldiers, units, commands, and installations.
